## San Joaquin County Office of Education

# STEM Professional Development Opportunities for Teachers 2019 - 2020

#### **NGSS 5E HS Physics Collaborative Planning Workshop**

January 28, 2020 | Grades 9-12 | \$125 | Register here <a href="http://bit.ly/physicscollab">http://bit.ly/physicscollab</a>
NGSS curriculum resources are often challenging to navigate and develop into an appropriate scope and sequence for classrooms. Let SJCOE STEM Programs facilitate this process in a collaborative workshop with other area educators. We will explore NGSS resources and work alongside other grade-like educators to further develop 5E lessons, storylines and units that can be immediately implemented into practice.

#### **NGSS 5E K-5 Collaborative Planning Workshop**

January 29, 2020 | Grades K-5 | \$125 | Register here <a href="http://bit.ly/k5collab">http://bit.ly/k5collab</a>
NGSS curriculum resources are often challenging to navigate and develop into an appropriate scope and sequence for classrooms. Let SJCOE STEM Programs facilitate this process in a collaborative workshop with other area educators. We will explore NGSS resources and work alongside other grade-like educators to further develop 5E lessons, storylines and units that can be immediately implemented into practice while integrating Common Core Math and ELA.

## **NGSS 5E Middle School Collaborative Planning Workshop**

January 30, 2020 | Grades 6-8 | \$125 | Register here <a href="http://bit.ly/middlecollab">http://bit.ly/middlecollab</a>
NGSS curriculum resources are often challenging to navigate and develop into an appropriate scope and sequence for classrooms. Let SJCOE STEM Programs facilitate this process in a collaborative workshop with other area educators. We will explore NGSS resources and work alongside other grade-like educators to further develop 5E lessons, storylines and units that can be immediately implemented into practice.

## **NGSS 5E HS Chemistry Collaborative Planning Workshop**

February 11, 2020 | Grades 9-12 | \$125 | Register here <a href="http://bit.ly/highcollab">http://bit.ly/highcollab</a> NGSS curriculum resources are often challenging to navigate and develop into an appropriate scope and sequence for classrooms. Let SJCOE STEM Programs facilitate this process in a collaborative workshop with other area educators. We will explore NGSS resources and work alongside other grade-like educators to further develop 5E lessons, storylines and units that can be immediately implemented into practice.

## San Joaquin County Office of Education

# STEM Professional Development Opportunities for Teachers 2019 - 2020

## Building Toward the CAST (How do you design a 2D and a 3D assessment?)

February 25, 2020 | Grades 6-12 | \$65 | Register here <a href="http://bit.ly/buildingcast">http://bit.ly/buildingcast</a> Come learn how to best utilize the resources for the California Science Test (CAST) including training, practice tests, rubrics and scoring guides. Participants will also experience performance tasks and collaboratively work toward creating classroom NGSS assessments to better prepare our students and to inform instruction. This will be a ½ day workshop.

## **NGSS 5E HS Biology Collaborative Planning Workshop**

February 26, 2020 | Grades 9-12 | \$125 | Register here <a href="http://bit.ly/biologycollab">http://bit.ly/biologycollab</a> NGSS curriculum resources are often challenging to navigate and develop into an appropriate scope and sequence for classrooms. Let SJCOE STEM Programs facilitate this process in a collaborative workshop with other area educators. We will explore NGSS resources and work alongside other grade-like educators to further develop 5E lessons, storylines and units that can be immediately implemented into practice.

## **Engineering with 3D Printing**

March 21, 2020 | Grades 3-12 | \$125 | Register here <a href="http://bit.ly/e3dprinting">http://bit.ly/e3dprinting</a>
3D printing is a constantly expanding technology, from prototyping small electronic inventions, to building concrete structures. Students can learn engineering using 3D printers in the classroom. Join us to experience an engineering lesson and learn how to use 3D printers.
