

Tamara is the Science Coordinator for STEM Programs at San Joaquin County Office of Education. She received her Bachelor of Science in Cellular and Developmental Biology from the University of California, Santa Barbara in 2005 and Master of Science in Biological Sciences from the University of the Pacific in 2012. As a Science Coordinator for the San Joaquin County Office of Education, she provides science professional development and support for K-12 teachers throughout the area. Tamara has 13 years of experience as an educator. For twelve years, she worked as a high school life science teacher teaching Biology and Human Physiology. In addition to her teaching experience, she developed and implemented a Health Science Academy, be.Vital, at Weston Ranch High School. As the Coordinator of the Health Science Academy she wrote and managed multiple grants to fund the academy, was the HOSA (Future Health Professionals) Advisor for eight years and helped to plan and run multiple local health science leadership conferences. She received her CTE Health Careers Credential and taught Medical Billing and Coding and Pharmacy Technician courses as a part of the Health Science Academy. Tamara's hobbies include crafting, reading and spending time traveling with her family. Tamara and her husband have two sons and daughter and enjoy being outdoors, listening to music, watching movies and playing at Disneyland.
